1.2 *Introduction*

The Consolidated Appropriations Act of 2001, codified at 15 U.S.C 657d(c), established the FAST program. In accordance with its original statutory language, the program expired on September 30, 2005, however it was reestablished under the Consolidated Appropriations Act of 2010.

1.3 *Background*

Since its inception in 1953, SBA has served to aid, counsel, assist and protect the interests of small businesses. While SBA is best known for its financial support of small businesses through its many lending programs, the Agency also plays a critical role in providing funding to organizations that deliver technical assistance in the form of counseling and training to small business concerns and nascent entrepreneurs in order to promote growth, expansion, innovation, increased productivity and management improvement.

The mission of SBA's Office of Innovation & Technology, which bears responsibility for administering the FAST Program, is to strengthen the technological competitiveness of small businesses across the country through coordination and oversight of the Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs. The primary mission of the FAST program is to help underrepresented entrepreneurs successfully compete for SBIR/STTR awards.

1.4 *Purpose*

The Federal and State Technology (FAST) Partnership Program provides one-year funding to organizations to execute state/regional programs that increase the number of SBIR/STTR proposals leading to an increase in the number of SBIR/STTR awards.

As set forth in the [Small Business Act \(Rev.13\)](#) FAST awards build the SBIR/STTR ecosystem through:

1. **Outreach:** increase the pipeline of possible applicants (see SBIR authorization language for explicit direction to increase the participation of women, socially/economically disadvantaged individuals, and small businesses in underrepresented areas - typically rural states); and build the capacity of partner organizations and individuals to refer possible SBIR/STTR applicants through train-the-trainer activities.
2. **Technical and business assistance:** support new business formation through programs or services that improve proposal development and team creation; provide assistance that leads to the commercialization of technology developed through SBIR/STTR program funding; and form or encourage relevant mentoring networks to provide business advice and counseling.
3. **Financial support:** make cooperative agreement or loans to applicants to pay a portion or all the cost of developing SBIR/STTR proposals, attending relevant conferences, and bridging gaps between phases.

1.5 *Leveraging of Resources*

Applicants selected for awards under this Announcement are required to maximize their efforts to leverage SBA funding by working in conjunction with other public and private entities that provide support or have resources that would benefit SBIR/STTR applicants and/or awardees, such as:

- a. Resource partners such as Small Business Development Centers (SBDCs), Procurement Technical Assistance Centers (PTACs), Growth Accelerators, Veterans Business Outreach Centers (VBOCs), Women's Business Centers (WBCs), SCORE, Regional Innovation Clusters (RICs), and more;
- b. SBA District and Regional Offices;

- c. Federal, state, and local governments;
- d. Universities, colleges, and other institutions of higher education; and
- e. Private organizations and trade/industry groups.

1.6 *SBA Involvement and Oversight*

A designated Grants Officer Technical Representative (GOTR) within the Office of Innovation and Technology will be responsible for overall monitoring and oversight of a FAST Award Recipient, including compliance with the cooperative agreement terms. Designated Grants Officers within the Office of Grants Management (OGM) will be responsible for issuing the Notice of Award, making modifications to the award, and processing payments.

1.7 *Changes or Cancellation*

SBA reserves the right to amend or cancel this Announcement, in whole or in part, at the Agency's discretion. Should SBA make material changes to this Announcement, the Agency will extend the Closing Date as necessary to afford Applicants enough opportunity to address such changes.

2.0 **Section II – Award Information**

2.1 *Funding Information*

Funds provided under the FAST Program must be used solely for the purposes stipulated in this Announcement and the Notice of Award and may not be commingled with any other monies. All costs proposed in an Applicant's budget must meet the tests of allowability, allocability, and reasonableness set forth in the applicable Office of Management and Budget (OMB) cost principles (2 C.F.R. 200, Subpart E). Indirect costs will be stipulated in an Applicant's indirect cost rate agreement. SBA will not reimburse Applicants for their proposal preparation costs, but Applicants may request pre-award costs. Pre-award costs must directly relate to the conduct of the project and meet the tests of allowability, allocability, and reasonableness.

SBA expects to issue no more than \$3,000,000 in total award funding as stipulated in the Consolidated Appropriations Act, 2020 (PL 116-93).

2.2 *Matching Requirement*

A non-Federal match is required, and not less than 50 percent of the match provided by a recipient must take the form of cash. The remaining match amount may consist of indirect costs and in-kind contributions. With the exception of the Community Development Block Grant (CDBG) program, no portion of the match may be derived from funds provided under any other Federal program. Applicants may use up to five (5) percent of their cooperative agreement for planning activities which are excluded from the non-Federal matching requirements (Refer to Section 8.1 for the definition of planning activity.) The non-Federal share of the cost of an activity (other than a planning activity) carried out under the FAST program is provided below:

- a. 50 cents of non-Federal match for each Federal dollar (a 1:2 match) for Recipients in the twenty-two (22) states receiving the fewest number of SBIR/STTR Phase I awards;
- b. except as noted in (d) below, one dollar of non-Federal match for each Federal dollar (1:1 match), in the case of a Recipient that will serve small business concerns located in one of the sixteen (16) states receiving the greatest number of SBIR/STTR Phase I awards; and,
- c. except as noted in (d) below, 75 cents of non-Federal match (a 3:4 match) for each Federal dollar for all other states not described previously.

- d. 50 cents for each Federal dollar that will be directly allocated by a Recipient described in sections (b) or (c) above to serve small businesses located in a qualified census tract as that term is defined in section 42(d)(5)(C)(ii) of the Internal Revenue Code of 1986. Federal dollars not so allocated by that Recipient shall be subject to the matching requirements of section (a), (b) or (c) above.

See Section 8.5 for your state ranking and corresponding match requirement.

2.3 *Project Duration*

The Award will be made for a 3-year period of performance, consisting of a base period of 12 months from the date of award and two (2) option periods of 12 months each. Exercise of the option periods will be solely at SBA's discretion and is subject to continuing program authority, the availability of funds, and a Recipient's continued satisfactory performance and compliance with all the terms and conditions of the award. Each base and option period will constitute a separate and distinct 12-month budget period.

4.2 *Required Proposal Submission Dates*

Each Applicant is required to submit its proposal electronically via www.grants.gov no later than 4:00 p.m. Eastern Time on June 19, 2020. Because of the pre-conditions for submitting applications via grants.gov and the potential for encountering technical difficulties in using that site, Applicants are strongly encouraged to log on to grants.gov and review the submission instructions early. **DO NOT WAIT UNTIL THE CLOSING DATE TO BEGIN THE SUBMISSION PROCESS.** Applicants bear sole responsibility for ensuring their proposals are submitted and received before the closing date.

SBA will consider the date and time stamp on the validation generated by grants.gov as the official submission time. A proposal that is not received by grants.gov before the closing date of this Announcement will be rejected without being evaluated, unless the Applicant can clearly demonstrate through documentation obtained from grants.gov that it attempted to submit its proposal in a timely manner but was unable to do so solely because of grants.gov systems issues. Additionally, SBA will not accept any changes, additions, revisions, or deletions to applications made after the closing date.

Applicants should save and print written proof of an electronic submission made at grants.gov. If problems occur, the applicant is advised to (1) print any error message received; and (2) contact grants.gov for immediate assistance. Applicants may obtain advice and assistance with the submission process by visiting www.grants.gov/web/grants/support.html or by calling 800-518-4726.

5.0 **Section V - Application Review Information**

5.1 *General*

Applications will be rejected without being evaluated if they are submitted by ineligible organizations or they are illegible or materially incomplete due to an Applicant's failure to include all required forms and/or provide the required level of detail.

In addition, an Applicant must disclose in its application if it currently holds any other financial assistance awards from SBA, or has any other applications for SBA financial assistance awards still pending. If it does, the Applicant must identify how it will avoid duplication of efforts, commingling of funds, and overlapping or double-claiming of costs among those projects. Applicants must treat each SBA project as separate and discrete with individual outcomes and deliverables and provide distinct reporting, accounting, and audit trails for each application and award.

Failure to sufficiently distinguish between multiple applications from the same organization, or between an application and one or more current SBA awards, may result in rejection of an application on the ground that it is duplicative of proposed or existing efforts.

5.2 *Evaluation Criteria*

All timely, materially complete applications received from eligible organizations will be evaluated in accordance with the criteria listed below.

5.2.1 **Organizational Experience and Capacity (20 Points)**

Applicants will be evaluated on their ability to conduct relevant outreach, provide technical/business assistance and/or financial support to R&D-focused small businesses. Applicants must provide adequate evidence and documentation, including specific examples, of their:

5.2.2 ***Project Management (10 Points)***

- Identify contractors and consultants and the way they were selected (i.e., competitively or non-competitively). Identify the employees or officials of the Applicant organization who will be responsible for overseeing and administering those agreement; copies of contracts and consulting agreements (either signed or samples as applicable) must be included as attachments in accordance with Section 4.1.5;
- Describe any subcontracting plan, addressing how subcontractors will be selected, the amount or range of funding each subcontractor will receive, and the purposes for which subcontracts will be made, if applicable; and
- Describe its financial management structure, internal controls, and identify all staff members who will be responsible for financial recordkeeping, reporting, the receipt and expenditure of award funds, and addressing audit findings.

Applicants are asked to demonstrate a strong understanding of previous local and regional efforts to support SBIR/STTR applicants and awardees, both within their own institutions as well as from other entities.

- If a FAST cooperative agreement or grant has been received in the past, describe how the work funded through the cooperative agreement or grant both impacted the number of SBIR/STTR

proposals and awards in that state (chart suggested) and any outcomes related to the strength of the state/region's SBIR/STTR stakeholder network.

- Also describe overall SBIR/STTR related support services that have taken place in the Applicant's state or territory over the past 3-5 years, and provide detailed insight into their effectiveness.
- If the Applicant has no direct FAST experience, describe previous work related to the SBIR/STTR programs, and the unique capabilities the organization will employ in order to reach the goals of the FAST program.
 - Also describe overall SBIR/STTR related support services that have taken place in the Applicant's state or territory over the past 3-5 years, and provide detailed insight into their effectiveness.

5.2.4 **Project Design (50 Points)**

Applicants will be evaluated on their understanding of the purpose of the FAST Program and their proposed approach for performing any projects. **Innovation and creativity in providing assistance is strongly encouraged.**

General Program Details (10 of the 50 points)

- Scope of the geographic area and demographics it intends to serve;
- Number and brief description of training courses/seminars/counseling sessions/accelerator cohorts etc. it expects to conduct;
- Description of plans to leverage training tools (e.g. available tutorials on SBIR.gov or another platform);
- Proposed evaluation plan or schedule; and
- Projected milestones (timeline of program accomplishments and activities) - can be included as an attachment.

Collaboration and Leveraging of Resources (20 of the 50 points)

- Define plans to expand the scope and reach of the project in collaboration with other entities. Include the proposed strategy for partnerships, with clear explanations regarding the purpose of implementing any joint activities. Differentiate between entities that are more likely to have significant impact on project goals versus those whose effect will be minor but still relevant. Letters of support from organizations may be included as attachments;
- Provide a summary description of the state or regional SBIR ecosystem, identifying where the applicant organization sees its role, and how FAST funds would impact other entities in the ecosystem; and
- Describe any funds or in-kind resources the Applicant will devote to the project as well as donation commitments from outside entities.

Ability to Reach Special Target Markets (20 of the 50 points)

Applicants will be evaluated on their ability and positioning to extend project services to individuals who have not traditionally participated in SBIR/STTR programs but have the potential to compete, including women, individuals who are socially/economically disadvantaged, and/or individuals in rural areas or federally designated Opportunity Zones. Applicants must demonstrate their:

- Familiarity and expertise with assisting R&D focused small businesses that are owned/operated by women, individuals who are socially/economically disadvantaged, and/or small firms in rural areas or federally designated Opportunity Zones, including the number of these firms assisted over the prior 1-3 years and the demonstrable effects of such assistance;
- Experience working with organizations representing the interests of described special target markets. If applicable, include any experience successfully working with minority serving institutions (HBCUs, tribal schools, and HSIs), particularly those with research capabilities; and
- Methods of outreach, number of these clients it expects to assist, and how it arrived at such estimates.

5.2.5 **Risk Management (5 points)**

Applicants will be evaluated using a risk-based approach pursuant to 2 C.F.R. 200.205(b). Address each of the following (stating which items are not applicable):

- Reports and findings from audits performed;
- The applicant's ability to effectively implement statutory, regulatory or other requirement imposed on non-Federal entities; and
- Verification of applicant's conflict of interest policy (must be consistent with the requirements of 2 C.F.R. 2701.112 addressing procedures for ensuring its employees, consultants and contractors do not assist clients in which they, their principals, or their immediate family members have a financial interest or fiduciary duty and for ensuring its employees, consultants and contractors do not use their role in the project as a means of marketing their outside services to project clients).

5.3 *Review and Selection Process*

Applications that are not rejected by grants.gov or SBA's screening process will be evaluated by teams of reviewers and scored based on how well they meet the criteria outlined above. These reviewers may be SBA employees or employees of other Federal agencies. The maximum score any application can receive is 100 points. Prior to evaluating applications SBA will establish a minimum acceptable score. Only those applications that meet or exceed that threshold will be eligible for funding.

Applicants are therefore encouraged to design proposals that address each of the scoring criteria listed above as thoroughly as possible.

In the interest of providing FAST Program services to as broad a segment of the small business community as possible, SBA will take the geographical dispersion of Applicants' project service areas into account when making award decisions. An application that exceeds the minimum acceptable score and which scores more highly than other acceptable proposals may nevertheless be passed over for funding if that application proposes to serve the same or substantially the same area or market as another acceptable application that was selected for award.

6.0. **Section VI - Award Administration Information**

6.1. *Award Notification*

All Applicants selected for awards will receive written notification. **If your organization is selected for an award, you will be given instructions on how to register with GrantSolutions to access and sign**

your award. Applicants not selected for awards will be notified, though are not guaranteed a debriefing session.

6.2 *Administrative and National Policy Requirements*

Part 200, and OMB Circular A-133 (as applicable); and the terms and conditions set forth in their Notices of Award. Failure to report in a timely manner will also be weighed against future applications for cooperative agreement or grant funding from the same organization and the exercise of any option periods.
