1.1.15 Agency Programmatic Point of Contact: Brittany Sickler, U.S. Small Business Administration Office of Innovation and Technology Tel: 202-710-5163 Email: FAST@sba.gov
1.2 Introduction

The Consolidated Appropriations Act of 2001, codified at 15 U.S.C 657d(c), established the FAST program. In accordance with its original statutory language, the program expired on September 30, 2005, however it was reestablished under the Consolidated Appropriations Act of 2010.

1.3 Background

Since its inception in 1953, SBA has served to aid, counsel, assist and protect the interests of small businesses. While SBA is best known for its financial support of small businesses through its many lending programs, the Agency also plays a critical role in providing funding to organizations that deliver technical assistance in the form of counseling and training to small business concerns and nascent entrepreneurs in order to promote growth, expansion, innovation, increased productivity and management improvement.

The mission of SBA’s Office of Innovation & Technology, which bears responsibility for administering the FAST Program, is to strengthen the technological competitiveness of small businesses across the country through coordination of the Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs. The FAST program focuses on increasing the participation of small firms in the innovation and commercialization of high-risk technologies, keeping the United States on the cutting edge of next generation research and development.

1.4 Purpose

The Federal and State Technology (FAST) Partnership Program provides one-year funding to organizations to execute state/regional programs that increase the number of SBIR/STTR proposals leading to an increase in the number of SBIR/STTR awards.

As set forth in the Small Business Act (Rev.13) FAST awards build the SBIR/STTR ecosystem through:

1. Outreach: increase the pipeline of possible applicants (see SBIR authorization language for explicit direction to increase the participation of women, socially/economically disadvantaged individuals, and small businesses in underrepresented areas - typically rural states); and build the capacity of partner organizations and individuals to refer possible SBIR/STTR applicants through train-the-trainer activities.

2. Technical and business assistance: support new business formation through programs or services that improve proposal development and team creation; provide assistance that leads to the commercialization of technology developed through SBIR/STTR program funding; and form or encourage relevant mentoring networks to provide business advice and counseling.

3. Financial support: make grants or loans to applicants to pay a portion or all the cost of developing SBIR/STTR proposals, attending relevant conferences, and bridging gaps between phases.

1.5 Leveraging of Resources

Applicants selected for awards under this Announcement are required to maximize their efforts to leverage SBA funding by working in conjunction with other public and private entities that provide support or have resources that would benefit SBIR/STTR applicants and/or awardees, such as:

a. Resource partners such as Small Business Development Centers (SBDCs), Procurement Technical Assistance Centers (PTACs), Growth Accelerators, Veterans Business Outreach Centers (VBOCs), Women’s Business Centers (WBCs), SCORE, SBA lenders, and more;

b. SBA District Offices;

c. Federal, state, and local governments;
d. Universities, colleges, and other institutions of higher education; and

e. Private organizations such as chambers of commerce and trade/industry groups.

1.6 SBA Involvement and Oversight

A designated Grants Officer Technical Representative (GOTR) within the Office of Innovation and Technology will be responsible for overall monitoring and oversight of a FAST Award Recipient, including compliance with the grant terms. Designated Grants Officers within the Office of Grants Management (OGM) will be responsible for issuing the Notice of Award, making modifications to the award, and processing payments.

1.7 Changes or Cancellation

SBA reserves the right to amend or cancel this Announcement, in whole or in part, at the Agency’s discretion. Should SBA make material changes to this Announcement, the Agency will extend the Closing Date as necessary to afford Applicants enough opportunity to address such changes.

2.0 Section II – Award Information

2.1 Funding Information

Funds provided under the FAST Program must be used solely for the purposes stipulated in this Announcement and the Notice of Award and may not be commingled with any other monies. All costs proposed in an Applicant’s budget must meet the tests of allowability, allocability, and reasonableness set forth in the applicable Office of Management and Budget (OMB) cost principles (2 C.F.R. 200, Subpart E). Indirect costs will be stipulated in an Applicant’s indirect cost rate agreement. SBA will not reimburse Applicants for their proposal preparation costs, but Applicants may request pre-award costs. Pre-award costs must directly relate to the conduct of the project and meet the tests of allowability, allocability, and reasonableness.

SBA expects to issue no more than $2,000,000 for Track I (General FAST) and no more than $1,000,000 for Track II (SBTDC FAST), as stipulated in the Consolidated Appropriations Act, 2019 (PL 116-6). A total amount of $2,948,798 will be awarded between the two tracks.

2.2 Matching Requirement

A non-Federal match is required, and not less than 50 percent of the match provided by a recipient must take the form of cash. The remaining match amount may consist of indirect costs and in-kind contributions. With the exception of the Community Development Block Grant (CDBG) program, no portion of the match may be derived from funds provided under any other Federal program. Applicants may use up to five (5) percent of their grants for planning activities which are excluded from the non-Federal matching requirements (Refer to Section 8.1 for the definition of planning activity.) The non-Federal share of the cost of an activity (other than a planning activity) carried out under the FAST program is provided below:

a. 50 cents of non-Federal match for each Federal dollar (a 1:2 match) for Recipients in the nineteen (19) states receiving the fewest number of SBIR Phase I awards;

b. except as noted in (d) below, one dollar of non-Federal match for each Federal dollar (1:1 match), in the case of a Recipient that will serve small business concerns located in one of the fifteen (15) states receiving the greatest number of SBIR Phase I awards; and,
c. except as noted in (d) below, 75 cents of non-Federal match (a 3:4 match) for each Federal dollar for all other states not described previously.

d. 50 cents for each Federal dollar that will be directly allocated by a Recipient described in sections (b) or (c) above to serve small businesses located in a qualified census tract as that term is defined in section 42(d)(5)(C)(ii) of the Internal Revenue Code of 1986. Federal dollars not so allocated by that Recipient shall be subject to the matching requirements of section (a), (b) or (c) above.

See Section 8.5 for your state ranking and corresponding match requirement.

4.2 Required Proposal Submission Dates

Each Applicant is required to submit its proposal electronically via www.grants.gov no later than 4:00 p.m. Eastern Time on June 28, 2019. Because of the pre-conditions for submitting applications via grants.gov and the potential for encountering technical difficulties in using that site, Applicants are strongly encouraged to log on to grants.gov and review the submission instructions early. DO NOT WAIT UNTIL THE CLOSING DATE TO BEGIN THE SUBMISSION PROCESS. Applicants bear sole responsibility for ensuring their proposals are submitted and received before the closing date.

SBA will consider the date and time stamp on the validation generated by grants.gov as the official submission time. A proposal that is not received by grants.gov before the closing date of this Announcement will be rejected without being evaluated, unless the Applicant can clearly demonstrate through documentation obtained from grants.gov that it attempted to submit its proposal in a timely manner but was unable to do so solely because of grants.gov systems issues. Additionally, SBA will not accept any changes, additions, revisions, or deletions to applications made after the closing date.

Applicants should save and print written proof of an electronic submission made at grants.gov. If problems occur, the applicant is advised to (1) print any error message received; and (2) contact grants.gov for immediate assistance. - Describe any subcontracting plan, addressing how subcontractors will be selected, the amount or range of funding each subcontractor will receive, and the purposes for which subcontracts will be made, if applicable; and
- Describe its financial management structure, internal controls, and identify all staff members who will be responsible for financial recordkeeping, reporting, the receipt and expenditure of award funds, and addressing audit findings.

Applicants will be evaluated using a risk-based approach pursuant to 2 C.F.R. 200.205(b) using the following criteria:

- Financial stability;
- History of performance: the applicant’s record in managing Federal awards, if applicable, including timeliness of compliance with applicable reporting requirements, conformance to the terms and conditions of previous Federal awards;
- Reports and findings from audits performed;
• The applicant’s ability to effectively implement statutory, regulatory or other requirement imposed on non-Federal entities; and
• Responses/corrective actions to any qualified audit opinions, going concern paragraphs, or A-133 audit findings. Applicant’s conflict of interest policy must be consistent with the requirements of 2 C.F.R. 2701.112 addressing procedures for ensuring its employees, consultants and contractors do not assist clients in which they, their principals, or their immediate family members have a financial interest or fiduciary duty and for ensuring its employees, consultants and contractors do not use their role in the project as a means of marketing their outside services to project clients.

5.3 **Review and Selection Process**

Applications that are not rejected by grants.gov or SBA’s screening process will be evaluated by teams of reviewers and scored based on how well they meet the criteria outlined above. These reviewers may be SBA employees or employees of other Federal agencies. The maximum score any application can receive is 100 points. Prior to evaluating applications SBA will establish a minimum acceptable score. Only those applications that meet or exceed that threshold will be eligible for funding. Applicants are therefore encouraged to design proposals that address each of the scoring criteria listed above as thoroughly as possible.

In the interest of providing FAST Program services to as broad a segment of the small business community as possible, SBA will take the geographical dispersion of Applicants’ project service areas into account when making award decisions. An application that exceeds the minimum acceptable score and which scores more highly than other acceptable proposals may nevertheless be passed over for funding if that application proposes to serve the same or substantially the same area or market as another acceptable application that was selected for award.

In accordance with the RISE After Disaster Act of 2015, SBA will give special consideration to any applicant located in an area affected by a catastrophic incident. Applications from states that are the subject of a major disaster declaration will get five (5) extra points, when stated on their cover letter, and verified by SBA.

6.0. **Section VI - Award Administration Information**

6.1. **Award Notification**

All Applicants selected for awards will receive written notification. Applicants not selected for awards will be notified, though are not guaranteed a debriefing session.
